FROM an adve thement in this issue it will be noted that the firms of Douglas Lapraik & Co., of Amoy and Tamsul, Francis Cass, of Amoy, and Dodd & Co. of Tamsul, have smalgamated.

VICTORIA WOODHULL threatens to go to the Unit: 1 State s and run for President. Are there not enough complications in the political situation, remarks the S. P. Chronicle, without Vic. injecting herself into the contest?

It is renounced that recently, within 24 hours, the Broken Hill mining stocks fell in nomine value over £3,00 pt 20. What a margin for the shrewd operators to fool away other reople's money in 1. It reminds us of similar opportunities in this colony, in Banks, Imuris, Punjoms, et hoc, etc.

IT isn'-always the best man who gets the biggest grave stone. And it sometimes happins that very good men don't get a grave-stone at all We I lieve that the remains of John Jack, one of Hongkong's best men in olden days, are still unmarked by any memorial in the Happy Valley. Shamo!

THE talk of the town to-day has, course, been the suspension of the Oriental Bank. It is the general opinion that losses on exchanges, last year's chetty troubles in the straits, and losses in Bombay are the main causes, and that probably there will not be any actual deficit when the assets eve all realised. We hope this is frue, and meantime refrain from criticism.

THE Hongkong Government tries apparently to raise the piece of building sites by prohibiting the use of house boats as permanent dwellings, except when a srecial permit has been obtained. Two delinquents were charged at the Magistracy to-day with the offence of preferring "a life on the ocean wave" and fined respectively \$1.50 and \$2.50, or ten days each.

WE regret to learn of the death of Mr. John Williams, late chief officer of the steamship Tai-yuan, at the Civil Hospital last night. Mr. Williams had not been in the East long, and was only in his 25th year; but he was well liked by these who. knew him, and his untime! death is sincerely regretted. The funeral took place this allernoon at 5.30.

THE Singapore Free Press hears that there has been a considerable amount of sickness at the Temoh Gold Concession in Slam. DR. DANKHERRO, of Wanchai, had recently to complain of repeated "absence on leave" of his boy, and eventually sacked him. The boy pleaded that he had been in the hands of the police but that was not good enough. As it happened, the back door of Mr. Danenberg's house was under tepair, and could not be fastened at night, as the boy entered and helped himself to four silver-plated dishes valued Unfartunately he left his shoes at the deer, and when the plate was missed he was at once suspented. Then he took his booty to a friend's hears—the Yau-ma-ti police station coolie quarters. He was soon caught, and duly sentenced by Mr. Hastings to-day to four months.

Accounts reach us. however, of a very different state of things higher up the river/where the rains appear to have been very heavy. At Yen-Ping-Foo the rise, above high water mark, is reported to have been as much as thirty feet. A passing courier, carrying official despatches, reports the loss of life and property to have been very great, the extraordinary rising having come upon the people very suddenly and unexpectedly. Two boats laden with tea, containing, it is said, zooo half-chests, were smashed to pieces passing through the rapids and the crews drowned. For three days the traffic in the upper part of the river was stopped altogether, and the new tea crop has been checked in arriving in consequence.—Echo.
